EDUCATION

Maastricht University, The Netherlands
Master of Science, Data Science for Decision Making, Present - Jul. 2024

Maastricht University, The Netherlands
Bachelor of Science, Data Science and Artificial Intelligence, Sep. 2019 - Jul. 2022
Graduated with honours. Part of the [KE@Work](#) Honours Program.
Bachelor Thesis: Conformal regression in calorie prediction for Team Jumbo-Visma.
Nomination to the Maastricht University Thesis Award. An article by the university press office about my work can be found [here](#).

EXPERIENCE

Junior Data Scientist Visma Connect
Sep. 2022 - Present The Hague, The Netherlands
Working part-time (12 hours a week) in the data science team of Visma Connect on projects for the Dutch cycling team [Jumbo-Visma](#) (ranked first on the UCI World Team Rankings and winner of the Tour de France 2022).
Expanding the Calorie Prediction tool for the Jumbo-Visma Women's cycling team. An article can be found [here](#).

Data Science Intern Visma Connect
Feb. 2021 - Aug. 2022 The Hague, The Netherlands
Data Science Intern as part of the KE@Work Honours Programme from my university. Developing and deploying machine learning models for predicting the amount of calories required for a race for the benefit of Team Jumbo-Visma. I was invited to the broadcast "Wetenschap Vandaag" (Science Today) on the Dutch national radio to cover my work. A replay of the show can be found [here](#) (half in Dutch, half in English).

SKILLS

Programming Languages: Python (Scikit-learn, PyTorch), MATLAB, Java, SQL
Technical Tools: Git, Docker, Jenkins, AWS (AWS Sagemaker, AWS Lambda, S3)
Languages: French (native), English (fluent), Dutch (intermediate), German (intermediate), Polish (beginner)

EXTRA-CURRICULAR

Board Member and External Relations Officer of MSV Incognito Maastricht University
Jun. 2021 - Jun. 2022
Elected external relations officer of [MSV Incognito](#), the study association of the Department of Advanced Computing Sciences (900 members) from Maastricht University.

Student Mentor Maastricht University
Aug. 2021 - Present
I mentor freshmen for educational/social support through various educational events.

Student Ambassador Maastricht University
Jun. 2021 - Present
I present the Department of Advanced Computing Sciences from Maastricht University to prospective students during open days, campus tours, and other events.

HOBBIES

Cycling, piano and guitar (music composition), politics, travelling, tennis and padel.
